The screenshot displays the IBM Cloud console interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links to 'Catalog', 'Manage', and the user's name 'Lavanya Bashyagaru's ...'. Below the navigation bar, the 'For you' section is visible, featuring a grid of recommended resources. The first resource is 'Build', which includes a link to 'Explore IBM Cloud with this selection of easy starter tutorials and services.' Other resources include 'Get started with Watson Discovery', 'Build a web app with Watson Speech to Text', 'Get Started with Watson Studio', 'Build a virtual machine', and 'Build a apps'. Each resource card shows a brief description, a 'Getting started' button, and a duration. Below the 'For you' section, there are three main areas: 'User access' with a 'Manage users' link and a text input field for email addresses; 'News' with a 'View all' link and a list of recent news items; and 'Planned maintenance' with a 'View all' link. The interface is clean and modern, with a dark blue header and a light gray background.
